Number of Property Damage Only	48	8,200.00	\$393,600.00
<b>Total</b>			<b>\$1,331,100.00</b>

\*Economic costs may be used by a community to state or estimate the economic impact of motor vehicle accidents that occurred within it's jurisdiction in a given time period. It is a measure of the productivity lost and expenses incurred because of the accidents. Economic costs, however, should not be used for cost-benefit analysis because they do not reflect what society is willing to pay to prevent a statistical fatality or injury.

National Safety Council "Estimating the Cost of Unintentional Injuries", 1988
